

**“HANDICARE GOES TO ITALY”: 5-6-7 JUNE 2013**

**ATTENTION ALL GUESTS AND PARTNERS**

*Dear friends,*

I'm glad and proud to tell I spent very nice days together with you in our "Bella Italia" and I hope you enjoy your staying feeling the family emotion we try to put into these days.

Every meeting, question, discussion during the days, created in our group the passion for this job, with the common intention to go ahead in the best way on the market all together with Handicare.

I'm sure the occasion to talk and compare all different markets during the days in Italy, will be the best key to develop our possibilities and win in business.

Before leaving Hotel I gave you some material from my companies and my direct contact to give you the possibility to contact me for each request (or to plan your next holiday ☺); in the meantime it will be a real pleasure to contact you for potential requests.

So, it's time to re-start business and I'm sure from tomorrow will be a little more simple to have business all together with Handicare help and support.

More thanks for your time, kindness and passion in business.
